

# Beyond Fronteras

Treasuring an Arizona Border Community's  
Past and Future

**My neighborhood is the children playing  
Running and yelling when they play in the street  
Its when the street dogs bark and follow you to  
wherever you want**

**Nogales is people, Traffic, Party**

**Is the tacos and hotdogs**

**Is the dances and the only cinema that we have**

**My home is when I go to my dad's work and wait for him**

**My home is my grandma's house and the beautiful flowers  
she has**

**Is the delicious food she makes**

**My home is my dog and my sisters annoying me everyday**

**My home is my friends laughing and going to hang out**

**Fear is the feeling that I want to go to a different place and  
start again**

**But at the same time I want to stay in the place that I grow**

**Love is my home**

**My hometown is a part of all the things I love**

**That make me feel at home**

***Alejandra Beltran,  
Pierson High School***
